If not accepted on these terms, seeds or bulbs must be returned at once, and if money has been paid it will be refunded.

MUSHROOM SPAWN.

The cultivation of Mushrooms can be made a very profitable business for florists. The space under the benches is especially adapted for mushroom beds, often giving better returns than the crops above. The supply of mushrooms has never reached the demand, therefore ready sales at good prices can be depended on.

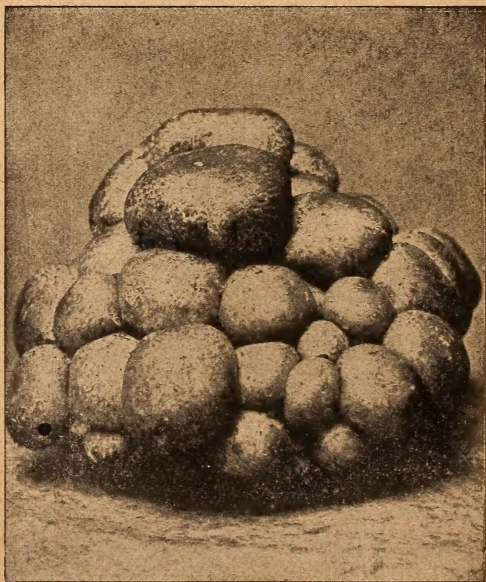

Our Spawn is strictly fresh and sure to run if properly treated.

English Spawn. Per lb., 15c; 10 lbs., \$1.00; 100 lbs., \$7.00. *Lower prices on larger quantities.*

"Mushroom Culture," a well written and illustrated book, gives full cultural directions for Mushroom Spawn. Post-paid, 75c.

CANNAS. The varieties named below are all first-class, well-tried sorts, such as we can supply in quantity. We can recommend them for all purposes, especially for massing in large beds. Write for prices on any not mentioned below, stating quantity required.

SIX NEW CANNAS.

—TARRYTOWN.—

A distinctly new color—brilliant cherry-red, similar to Egandale, but more striking. Foliage green, healthy. A dwarf, compact grower and very free bloomer. The flowers not only last a long time, but wind and rain do not mar or disfigure them. Doz., \$6.50.

—MAIDEN'S BLUSH.—

An American seedling. The color is new—a rosy flesh. Deep green foliage, massive and leathery. Large spikes, with flowers of good size. Doz., \$6.50.

—LUTHER BURBANK.—

Clear, beautiful canary yellow. Flower twice the size of that of Mad. Crozy. Strong, vigorous grower, foliage rich green and thick. Without any flowers this Canna makes a good decorative plant. We consider it one of the best. Doz., \$1.35; 100, \$10.00.

—CHICAGO.—

Best vermilion scarlet to date; green foliage with leaves 9 to 10 inches wide, flower truss and stalk stand boldly erect. The large flowers open out nearly flat, petals 1½ inches wide and five in number. The color is a clear, deep vermilion, smooth and without markings except a purplish gloss. Doz., 65c; 100, \$4.50.

—ITALIA.—

Equally large as Austria, and similar in every way except color, which is rich golden yellow with a broad blotch of dark crimson maroon in the center of each petal and throat. Doz., \$1.00; 100, \$7.00.

—AUSTRIA.—

Almost a counterpart of Italia. Flowers very large, spreading about seven inches. Color canary yellow, much like Burbank. Very large, handsome foliage. Doz., 75c; 100, \$5.50.

CHICAGO FLORISTS' WHITE

Its origin is the result of a cross between Truffaut's Perfection and the Victoria Asters, and the good qualities of its parents are retained with the added advantage of pure white flowers. When used in rows or in hills for cabbage, celery or early corn, one to two hundred pounds per acre will be sufficient. 100 lbs., \$1.50; per ton, \$24.00.

Barnard's "Perpetual Green" Lawn Grass Seed.

The Necessary ✿ Requisite ✿ for a Beautiful ✿ and Enduring ✿ Lawn. ✿ ✿ ✿

OUR "PERPETUAL GREEN" LAWN MIXTURE is a carefully prepared combination of the various grasses designed to produce a fine dwarf, compact and permanent turf. Many lawns dry out and turn brown during the hot summer months and do not revive until the cooler weather of autumn. By a judicious use of some of the European Grasses with the standard Lawn Grasses of America, we are enabled to offer a mixture to the public, which from the habits of the various grasses of which it is composed to ripen successively, will grow and flourish during the different months of the season, so that a rich, deep green is constantly maintained. Seeds of the highest grade, carefully re-cleaned, and of the best quality in every way are used in this mixture. One pound is sufficient for a plat of 600 square feet. Sow 4 bushels (56 lbs.) to the acre.

¼ lb. box, \$5.00 per 100 boxes. ½ lb. box, \$8.00 per 100 boxes. 1 lb. box, \$15.00 per 100 boxes.

PRICE IN BULK, put up in cloth bags (no charge for bags): Per ten pounds, \$1.45; per fifteen pounds, \$2.15; per twenty-five pounds, \$3.55; per bushel (14 pounds), \$2.00.
